Elegant Refrigerator

Elegant Series Refrigerator

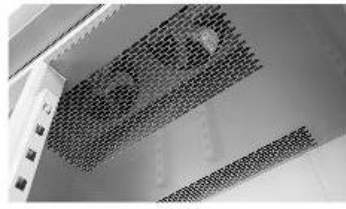

Fashion design, Excellent quality

Classical, elegant and the humanized design make this refrigeration series combine feature and beauty perfectly.

Large Capacity Standard European size, large storage space, suitable with 1/1 GN pan and shelf.

Energy Saving The internal fan automatically stops working when door opens, which can avoid the outflow of cold air. Excellent insulation performance makes the machine more energy-efficient.

Elegant Series are suitable for environmental temperature in 38°C, for areas with good environment and adequate resources and allocation.

And they are European standard size with GN pan, suitable for hotel, restaurant, supermarkets with food storage requirement.

Difference Elegant Series

Series	Specification	Environment Temperature	Material	Compressor	Foam	Thermostat	Air Flow Guid
Elegant	European standard size, bigger storage space	40°C, 80% humidity	304	Embraco Secop Zanussi	Upright models 70mm others 60mm density $38 \pm 2\text{kg/m}^3$	Dixell	Yes

Elegant series is manufactured with European refrigerator as the standard, with more standardized specifications and quality, which can meet the high requirements of hotels and restaurants.

Parameter List of Upright Freezer-SS Door

系列 Series	容量 Capacity	款式 Style	材质 Material	制冷剂 Refrigerant	压缩机 Compressor	温控器 Thermostat	制冷类型 Cooling Type
Chiller	650L	1-Door 2-Door	SS304	R134a	Italy Embraco/Secop	Italy Dixell	Fancooling
	1350L	2-Door 4-Door					
Freezer	650L	1-Door 2-Door					
	1350L	2-Door 4-Door					
Double Temperature s	1350L	4-Door		R134a,R404 a			

Main Highlights for Upright Refrigerator

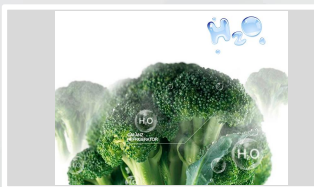

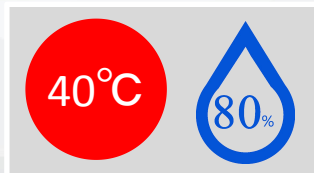

1、Italian Embraco/Secop compressors, low noise, instantaneous refrigeration, and more durable. 1-year warranty. When the refrigerator reaches the specified temperature, the compressor will stop working, more energy-saving.

2、70mm high density foam layer for whole machine, isolate the hot air outside the cabinet, preserve the cold air inside the cabinet, strengthen the refrigeration effect, more energy saving. (domestic ordinary models with 40 mm - 60 mm)

3、R134a (chiller) and R404a (freezer) fluorine free refrigerant, more environmental health, to provide better environment for employees.

4、Solid filter dryer, strong absorbability, to ensure that the refrigerator stays dry, this solid filter dryer is the world's first choice of high quality refrigerator.

5、Italian brand Dixell temperature controller, can accurately control temperature, 8 kinds of fault alarms, more assured and safer in daily operation.

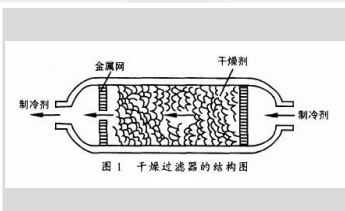

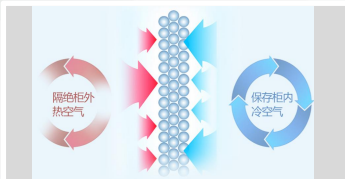

6、Operation protection, operation keyboard can be locked automatically, to prevent random changes in operation parameters

7、Adopt domestic Weiguang export condenser fan, long service life.

8、9.52 diameter +0.32mm wall thickness of copper tube condenser, thickening, corrosion resistance, good heat dissipation, the normal service life of 8-10 years.

9、In the 40°C high environment temperature and 80% high humidity, the refrigeration effect is still excellent, the freezer can reach the lowest temperature, if it close in 30-40 minutes.

10、The freezer can defrost automatically every 4 hours, defrost 20 minutes each time, refrigeration effect is better.

Upright Refrigerator Details

1、 High quality SS304 for body and liner. adapt for high temperature and humidity areas, corrosion resistance, 0.8mm tabletop thickness, 0.6mm side plate & interior thickness.

2、 Adjustable plastic dipping layers can be used alternately with international standard GN 1/1 Pan, maximum bearing weight is 30Kg for each layer.

3、 Within 90° self closing door. Glass door is combined with special foam and stainless steel door frame perfectly.

4、 SS adjustable feet/ caster with breaker tp choose as your requirement.

5、 Detachable high tightness sealing strip, effectively prevent internal and external air exchange, energy-saving and durable, more convenient cleaning for detachable type.

6、 Built-in units makes internal space maximize.

7、 One sheet metal at the bottom of the inner, seamless connection, more beautiful atmosphere. At the same time, the use of rounded corners design, no dead corner cleaning design, comply with international standards.

8、 All stainless steel humanized arc handle design, corrosion resistant, easy to switch, durable.

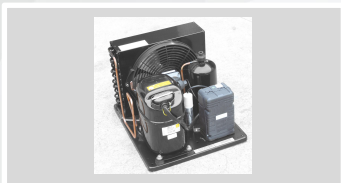

Parameter List of Undercounter Refrigerator-SS Door

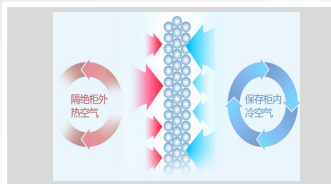

系列 Series	容量 Capacity	款式 Style	材质 Material	制冷剂 Refrigerant	压缩机 Compressor	制冷类型 Cooling Type
Chiller	270L	2-Door	SS304	R134a	Embraco/ Secop	Fancooling
	417L	3-Door				
	566L	4-Door				
Freezer	270L	2-Door		R404a		
	417L	3-Door				
	566L	4-Door				

Optional drawer.

Main Highlights for Undercounter Refrigerator

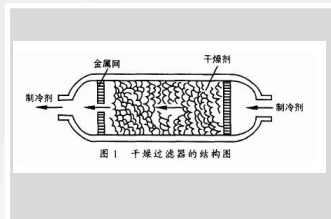

1、Italian Embraco/Secop compressors, low noise, instantaneous cooling, greater durability, 3-year warranty. When the refrigerator reaches the specified temperature after the compressor stops working, more energy saving. One can be pumped unit, convenient maintenance and after-sales.

2、60mm high density foam layer for whole machine, isolate the hot air outside the cabinet, preserve the cold air inside the cabinet, strengthen the refrigeration effect, more energy-saving

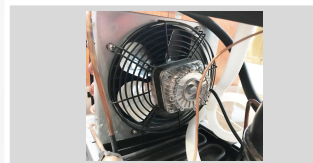

3、R134a (chiller) and R404a (freezer) fluorine free refrigerant, more environmental health, to provide better environment for employees.

4、R134a (chiller) and R404a (freezer) fluorine free refrigerant, more environmental health, to provide better environment for employees.

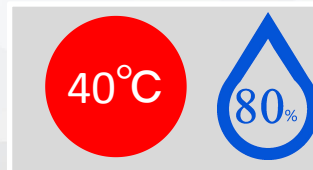

5、Italian brand Dixell temperature controller, can accurately control temperature, 8 kinds of fault alarm.

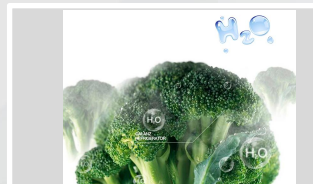

6、Operation protection, operation keyboard can be locked automatically, to prevent random changes in operation parameters

7、Adopt domestic Weiguang export condenser fan, long service life.

9、In the 40°C high environment temperature and 80% high humidity, the refrigeration effect is still excellent, the freezer can reach the lowest temperature, if it close in 30-40 minutes.

10、The freezer can defrost automatically every 4 hours, defrost 20 minutes each time, refrigeration effect is better.

Parameter List of Undercounter Refrigerator -Drawer&Door Combination

Series	Capacity	Combination Type	Refrigerant	Compressor	Cooling Type
Chiller	270L	1 door+2*1/2 drawers	R134a	Secop/ Embraco	Fancooling
		1 door+3*1/3 drawers			
		4*1/2 drawers			
		6*1/3 drawers			
	417L	1 door+3*1/3+2*1/2 drawers			
		4*1/3+2*1/2+1*2/3 drawers			
		9*1/3 drawers			
		6*1/2 drawers			
		3*1/3+4*1/2 drawers			
	566L	3 doors+2*1/2 drawers			
		2 doors+2*1/2+1*1/3+1*2/3 drawers			
		2 doors+3*1/3+2*1/2 drawers			
1 door+4*1/3+2*1/2+1*2/3 drawers					

1. Only chiller, no freezer
2. Optional adjustable feet/ caster with breaker
3. Customize drawer and door as requirement.
