Our Ways of Working

PASSIONATE People

We care deeply about what we do.

We go above and beyond to deliver the best experiences for our teams, customers and partners, every day.

We celebrate the happy moments in everyday life.

We believe in the power of joy and this shows in everything that we do.

COLLABORATIVE Spirit

We collaborate to make us stronger together.

We believe in the power of collective wisdom
- **we** grow together and learn from one another.

SUSTAINABLE Relationships

We create strong, trusting and long-term relationships with our teams, customers, partners, the environment and society.

vanilla

WAFFLE CONES

SOFT ICE

Our waffle cones are baked according to an old Danish recipe, created to perfectly complement ice cream.

The waffle cones are created with three central aspects in mind: Taste, scent, and texture. The recipe includes real butter and vanilla – baked to their unique crispiness. All to awaken the right senses.

The vanilla enhances the flavour of the ice cream, while the butter gives a delightful, creamy and round flavour.

Make sure to create the full experience for your customers. Serve your delicious ice cream in our unique waffle cones to make sure that your customers will return again and again.

The waffles cones are created specifically for ice cream and are available in many different sizes to make sure that they meet every need.

WAFFLE CONES

CHOCO

*Add a little extra.
As if the ice cream experience could not get any more delicious, entice and surprise your customers with our tasty choco coated waffle cones.*

Not only is it an extra tasty treat, but choco coated waffle cones can be helpful in prolonging your ice cream season.

Make sure to promote these in the beginning of spring and in the end of autumn. Paired with delicious ice cream, it will be a treat too irresistible to resist.

Elevate the experience and prolong the season – it is a win-win situation.

WAFFLE CUPS

The absolute tastiest alternative to paper and plastic cups.

Serve your ice cream in a crispy and tasty waffle cup and reduce waste at the same time. It is a new and exciting way to serve ice cream with a delicious twist.

These waffle cups are developed with environmentally aware customers in mind, as a substitute to the classic paper and plastic cups.

The waffle cups are 100% biodegradable – but better yet eaten as an enjoyable delight.

HANDLE YOUR CONES WITH CARE

HANDLE WITH CARE

Waffle cones are fragile products, hence sensitive to transport and handling.

Therefore, do **NOT** drop, throw, or knock the cone boxes.

RECEIVING THE CONES

ALWAYS CHECK:

- ✓ If there are visible deformities.
- ✓ If cone boxes are crushed, dented, or flipped on their side.
- ✓ If any heavy items are placed in the middle of the cone boxes' top outer flaps.

If any issue is detected upon delivery, it shall be reported to the sender. Claims shall be duly noted and detailed on the CMR, e.g., pictures, lot no., expiry date, etc.

KEEP RIGHT SIDE UP

The boxes are specially designed to protect the cones, so always keep the right side up.

Do **NOT** flip the boxes on their side, or turn them upside down.

DO NOT SQUEEZE THE CONES

Try placing the cone boxes on top of the other items on the pallet when in doubt.

The middle of the cone boxes' top outer flaps has low strength. Therefore, **AVOID** placing any heavy items on top of it.

AVOID MOISTURE

Cones are sensitive to moisture and may lose their crispy texture. Therefore, tightly close the plastic bag inside the cone box right after use.

Protect them against humidity when they are exposed in the store. Remember to cover them completely when not in use.

PACKAGING AND CASES

In order to make sure that our waffle cones arrive with no damage, our packaging has been designed specifically to withstand the journey.

Our boxes are of the highest quality to ensure that the waffle cones are protected during transport – so you can make sure to receive them intact, crispy and tasty.

We offer two kinds of standard boxes: The traditional cardboard box with extra room but without extra protection and our new boxes with biodegradable trays.

The biodegradable trays ensure optimal protection of the waffle cones and with their stackable characteristic they optimize the use of space within the boxes.

Delivering Delights Together

Many years ago, we came together as a group to deliver more joy and elevate the ice cream experience. It all started back in 2005 when three of our companies, **N**imatopaal, **I**dun and **C**andeco, came together to form Nic – creating a stronger product portfolio and unified service to the customers.

Today the Nic Family has grown and developed into a large group. Our local businesses remain the beating heart of Nic, delivering delicious products and top service. Nic consists of 4 regional business clusters, with a total of 20 sites across the Nordics, UK, Germany and Benelux.

We are Europe's leading Ice Cream Ingredients & Accessorise Experts. Every day, we are working with a clear purpose to deliver next level ice cream experiences for our customers, partners and consumers.

We supply a world of sweet ingredients and cherish the value of strong, trusting and long-term relationships with our business partners and customers. Nic is a part of Orkla Food Ingredients, the leading Norwegian supplier of bakery and sweet ingredients, which gives us a unique access to a comprehensive array of the best products, services and international producers – contributing to endless great opportunities to help your business prosper and grow.

We care deeply about what we do, and we go above and beyond to deliver the best products and services for you to fulfil your ice cream dreams. We deliver everything ice cream, all the delights needed to create the perfect ice cream experience for you – and your customers.

Our extensive product range includes an extravaganza of ice cream ingredients and accessories

for your business. Explore the world of joyful delights in everything from authentic Italian gelato ingredients, creamy soft serve mixtures, enticing flavour variations, and not to forget the cherry on top adding decorative and indulgent sprinkles, topping sauces and much more.

Ice cream is one of life's delights! It's about creating joyful moments, brightening peoples' days and elevating their experiences. Here at Nic we aim to achieve mutual success being the best partner and supportive companion for us to accomplish just that.

*We deliver
delights together*

Nic

OV

Denali
Ingredients

Nic is Europe's leading experts in ice cream ingredients and accessories. We take pride in what we do, and we always strive to deliver out of the ordinary products and service. Our ambition is to fulfill our customer's ice cream dreams.

At OV, we are leading specialists in confectionery, ingredients and decorations. Our wide range of ingredients, confectionery and decorations provide endless, inspiring solutions for your business.

Denali Ingredients supplies food manufactures with a broad line of quality ingredients. The entire team is committed to delivering on ALL customers' expectations.
